

RATP Group at a glance

At ground level and beneath the city streets, RATP Group experts make daily progress on major urban issues: dense and diverse cities; preservation of the planet and biodiversity; quality of life for residents; connectivity and economic dynamism. With solid and innovative solutions being applied now to build the city of the future, they bring to life the Group's commitment to better city living.

A COMMITTED AND RESPONSIBLE PLAYER

Ecodesign, responsible purchases, greening of facilities, energy transition, are some of the Group's commitments. The Group is active across its entire value chain to reduce its impact and support cities on their way to the low-carbon transition.

100%

of activities in the Paris region are ISO 50001 certified (energy management).

BETTER CITY LIVING AS ITS DRIVING PURPOSE

The Group launched a major initiative in 2020 to jointly build its driving purpose: "We dedicate every day to better city living." It was unveiled in early 2021 and reflects the Group's commitment and its conviction that the city has a future.

138,000

contributions were gathered in jointly building the driving purpose.

A FOUNDATION ROOTED IN REGIONS

RATP Group Foundation support projects that encourage access to culture, education, employment and the ecological transition.

94,000

direct beneficiaries of projects supported by RATP Group Foundation.

Bespoke solutions at the heart of the city

cities have placed their trust in RATP Group through its subsidiaries

PRESENT IN 16 COUNTRIES

9 TRANSPORT MODES

5 MODES OPERATED IN PARTNERSHIP

5 AREAS OF EXPERTISE

Mobility • Urban services • Infrastructure management • Safety • Other services

Expert subsidiaries and tailor-made offers to meet all your needs

MOBILITY

RATP Group is a major player in public transport in the Île-de-France region, where its long-standing network is among the world's densest and most complex. In France and abroad, it operates urban and suburban multi-modal networks in more than 780 cities through its subsidiaries RATP Dev and RATP Cap Île-de-France.

URBAN SERVICES

As the subsidiary dedicated to urban services, RATP Solutions Ville brings together expertise from RATP Habitat, RATP Real Estate, RATP Connect and RATP Capital Innovation. This subsidiary caters to cities, regions and companies in real estate, telecoms, energy, urban logistics and new forms of mobility.

OTHER AREAS OF EXPERTISE

Major expertise in other areas completes the Group's range of offers available to cities, including ticketing systems and MaaS (Mobility as a Service) from subsidiary RATP Smart Systems, as well as management of transport networks, whether for sales areas (through RATP Travel Retail) or maintenance (RATP Maintenance Services).
