MOBILITY

RATP Group is a major player in public transport in the Île-de-France region, where its long-standing network is among the world's densest and most complex. In France and abroad, it operates urban and suburban multi-modal networks in more than 780 cities through its subsidiaries RATP Dev and RATP Cap Île-de-France.

URBAN SERVICES

As the subsidiary dedicated to urban services, RATP Solutions Ville brings together expertise from RATP Habitat, RATP Real Estate, RATP Connect and RATP Capital Innovation. This subsidiary caters to cities, regions and companies in real estate, telecoms, energy, urban logistics and new forms of mobility.

OTHER AREAS OF EXPERTISE

Major expertise in other areas adds to the Group's service offering. These include ticketing systems and MaaS (Mobility as a Service) by RATP Smart Systems, as well as transport network management that ranges from commercial space (RATP Travel Retail), maintenance (RATP Maintenance Services) to security (RATP Sécurité Expertises).
